BASKETBALL ACADEMY

## **Instructions**

1. Open a blank email
2. Go to the Athletic Page of the School you would like to email.
3. Find the coaches' page or roster with the coaches' emails
4. Copy and paste all available coaches emails into the "To:" field of your email.
5. Title the email- (Your Name) - (height and position) (kind of player you are) (gpa) Ex:John Doe - 6'2 Shooter 3.5 GPA or Jane Doe - 5'10 Power Hitter 3.8 GPA
6. Type your email in the body field using the template. I recommend typing this for the first time to insure all variable information is shaped to the athlete. You can use your own wording as well. Use the template format and do not make it any longer.  
  
Once you have sent your first email, keep that copy to copy & paste to email coaches from other schools.
7. Make every email unique to each school. Find a stat or two on their website to put in the email to show that you researched the school and you are really interested. You do not want coaches to fill like they are part of a large email blast. Make those coaches from that school feel like they are the only ones you are emailing.
9. Proof read it to make sure there are no mistakes.
10. Send that thing.
